

Vivek Sunil Pise

Electronics and Telecommunication (ENTC) Engineer

+91 9022763684 | vivek.pise.10@gmail.com | LinkedIn | GitHub

Summary

Electronics and Telecommunication Engineering student with a strong passion for Data Analytics and Data Science, focused on transforming raw data into meaningful, actionable insights.

Proficient in Python, SQL, Pandas, NumPy, data cleaning, exploratory data analysis, and visualization, with hands-on experience working with real-world datasets.

Education

Bachelor of Engineering (BE)

Expected 2027

SBPCOE, Indapur

SGPA: 8.45

APJC, Karakamb

X: 83.80

APJC, Karakamb

XII: 64.50

Tech Skills

- **SQL & Query Writing** – JOIN, Aggregations, Query Optimization
- **Logical & Analytical Thinking** – Structured, first-principles approach to ambiguous problems
- **Data Analysis & Insights** – Python (Pandas, NumPy), Statistics, Power BI (DAX)

Projects

SQL-LEARNING-REPO | Live Project

- **SQL:** A gamified platform designed to help users learn and practice SQL from beginner to advanced levels. It provides practical query challenges, progressive levels, solutions, and progress tracking. The project focuses on improving SQL skills through hands-on problem solving.

PYTHON-LEARNING-WITH-MCQ | Live Project

- **Python:** An interactive platform designed to help users learn Python concepts through structured lessons and MCQ-based practice. It covers Python fundamentals, data structures, functions, OOP, and other programming concepts. The project helps learners test their knowledge and improve their programming fundamentals.

PROFESSIONAL-PORTFOLIO | Live Portfolio

- A personal portfolio website created to showcase my technical skills, projects, education, and achievements. It provides recruiters with a centralized view of my practical work and professional profile. The project also demonstrates my frontend development, responsive design, and deployment skills.

Experience

Intern

1 Month

Proazure Software Solutions

- Worked with AWS EC2, S3, and IAM for application hosting, storage, and access management.
- Gained practical experience in deploying and hosting web applications on AWS cloud infrastructure.
- Developed an understanding of cloud infrastructure, security, scalability, and reliable application deployment.

Certifications

- AWS Internship Certification (JAN 2026)
- Cloud Computing Certification (APR 2026)
- Softskill Certification (JUNE 2026)
- POWER BI Certification (JUNE 2026)
